

**INDIAN INSTITUTE OF TECHNOLOGY PATNA**  
**END SEMESTER EXAMINATION**  
**SPRING SEMESTER; 2019**

**HS 232: Health Care Management**

**Time: 3 Hrs.**

**(May, 2019)**

**Full Marks: 50**

All parts of any particular section of the question must be written together for evaluation. 1 mark for overall clarity in concepts.

**I. Answer any three questions (3x8= 24 marks)**

- a) Explain how mHealth acts as the most effective tool in transforming the maternal health sector.
- b) Based on the survey that you conducted in different geographical locales of Patna, elaborate how lifestyle practices influence health status of youth.
- c) There are various challenges faced in health care management. Discuss in details any one such challenge.
- d) Universal health coverage is WHO's number one goal. Key to achieving it is ensuring that everyone can obtain the care they need, when they need it, right in the heart of the community. Yet there are different politics involved in UHC. Provide a critical analysis of these statements.

**II. Discuss with appropriate examples any three of the following: (3x5=15marks)**

- a) Health informatics
- b) Occupational health
- c) Health disparities
- d) Creative technologies

**III. Give reasons for any two of the following (2x5= 10 marks)**

- a) The threats associated with medical tourism cannot be overlooked, despite the enormous revenue generated through it.
- b) Media advocacy is a central strategy for prevention of public health problems.
- c) Within the health care system, environment influences the working of the organisations and the care team for providing services to people.
